'Finding You' is taken from the massively acclaimed new album *Oceans Apart*. It is accompanied by three previously unreleased recordings including a collaboration with Future Pilot AKA on 'The City Of Light'. *Oceans Apart* looks set to figure highly in all the nation's best album of the year polls.

'Finding You' is one of its most beautiful songs. It has just been playlisted on BBC Radio 2 and Terry Wogan has become a new convert – what is the world coming to?

### MOJO INSTANT CLASSIC AWARD ★★★★★

"Bewitching, gutsy, driving, defiant, mesmeric: A Musical Odyssey." *Andrew Male*

### THE GUARDIAN ALBUM OF THE WEEK ★★★★★

"Propulsive, gripping, unsettling and irresistible. The air of two lavishly talented writers on rare form, confidently challenging each other to greater heights is inescapable. This is a Go-Betweens album that is as good as *Tallulah* or *Liberty Belle*. And that is as good as it gets." *Alexis Petridis*

**THE TIMES** "The Go-Betweens have painted their masterpiece" *Tim Cooper*
